- Ph.D. 1985 Anthropology The Pennsylvania State University Dissertation: Mortality, Survivorship and Longevity in American Samoa 1950 to 1981.
M.A. 1980 Anthropology: Minor Statistics The Pennsylvania State University
Thesis: Mortality Related to Cardiovascular Disease and Diabetes Mellitus in a Modernizing Population.
B.A. 1976 Anthropology with Distinction: Minor Biology, The Pennsylvania State University

PROFESSIONAL EXPERIENCE:

- 2005-Present: Professor, Department of Anthropology and School of Public Health, The Ohio State University
1996-2005: Associate Professor, Department of Anthropology and School of Public Health The Ohio State University
1991-1995: Assistant Professor Department of Anthropology and Department of Preventive Medicine The Ohio State University
1990-1991: Assistant Professor Department of Epidemiology Loyola University Medical School
1988-1990: Research Scientist Assistant Professor Department of Community Health and Preventive Medicine Northwestern University Medical School, Adjunct Assistant Professor Department of Anthropology Northwestern University
1987-1988: Postdoctoral Fellow, Cardiovascular Epidemiology, Biostatistics, Nutrition, Prevention, National Heart, Lung and Blood Institute Department of Community Health and Preventive Medicine, Northwestern University Medical School
1987: Adjunct Instructor, Department of Anthropology, Florida State University
1985-1987: Postdoctoral Fellow, Demography of Aging, National Institute on Aging, Center for the Study of Population, Florida State University
1984-1985: Research Associate, The Louisville Longitudinal Longevity Program, Department of Biochemistry, University of Louisville School of Medicine
1981-1984: Predoctoral Fellow, National Institute on Aging Interdisciplinary Training Fellowship in Gerontology, The Pennsylvania State University
